

## Planning Worksheets

The two main goals of Radiant Hearts is, first, to help your children memorize prayers and quotations from the Holy Writings. Second is to introduce spiritual qualities into every day language and life. Use whatever elements of the program that help you do this.

When implementing Radiant Hearts be patient with yourself and your child. Remember you can always add more elements as time passes. Start small and add more as you and your child get comfortable with a new routine. Use these checklists to start planning how you will use the Radiant Hearts materials.

# Radiant Hearts

What will our routine be for using Radiant Hearts?

(ie Prayer, quotation each morning after breakfast. Song and activity Wednesday after lunch. Act of Service once a month. Put jewel on the Crown of Virtues before going to Feast.)

What do I hope my family will gain from using the Radiant Hearts materials?

What time will I set aside to prepare for each month's Radiant Hearts?

(ie I will mark my calendar for two days before Feast and spend two hours to complete the third checklist on the previous page.)
